3) SCOPE OF SERVICES / PROJECT APPROACH

The WPHW intends to select a Contractor based on team qualifications, fees, and proposed schedule to become an integral part of the project team.

The Contractor **may be expected but will not be required** to provide a performance and material and labor payment bond for the project.

The proposal shall be in accordance with the requirements outlined in this document and formatted per Attachment A.

4) Cost of the Work

- a) The cost of the work shall include all foreseeable work items required to deliver a complete and functional project.
- b) General Conditions: The Contractor’s general conditions should be included in his bid prices, such as the project support group functions, including accounting, human resources, scheduling, estimating, or other off-site personnel. These staff costs are included in the contractor’s fee and are not reimbursable.
- c) Savings: To the extent the actual cost of the work may be reduced through the course of design refinement, procurement, and construction and to the extent there may be unspent contingency at the end of the project, then these funds (“savings”) shall revert entirely to the benefit of the WPHW. There shall be no shared savings compensation to the contractor.
- d) Change Orders: The cost of the work line-item values is commensurately fixed through refined scope definition and procurement commitments. As appropriate, to keep the cost of the work scheduled values current, any changes or transfers shall be substantiated, accounted for by change order, and subject to the approval of both the contractor and WPHW.
